DNR District: Detroit
EPA ID Number: MID 005332952

SAS Score/Screen No.:

Blair Manufacturing Company is located at the corner of Fitzpatrick and M-39 (Southfield Freeway) in Detroit. The Company manufactures hydraulic parts. Apparently, there is no allegation against the facility. The site was reviewed during the 1985 Act 307 list production process. At the time of that review, the site was considered to be an unfounded allegation due to a lack of information or conditions at the site that do not meet the definition of a site of environmental contamination per Act 307, P.C. 1982.

EPA Recommendation:

This is not an Environmental Contamination site and therefore merits a "no further action" status. This site should be removed from CERCLIS.
